AGENDA (CONTINUED)

4. TO APPROVE THE ISSUE OF PERFORMANCE RIGHTS

The board recognises that it is desirable for the managing director and other senior executives to be incentivised and remunerated on a consistent basis and in a manner that focuses their efforts on delivering long-term value for shareholders.

Pursuant to ASX Listing Rule 10.14, the acquisition of securities by a director under an employee incentive scheme requires shareholder approval.

Accordingly, approval is now sought for Rob Sindel to be granted 345,485 performance rights under the CSR Performance Rights Plan (“PRP”) on the terms set out below and, subject to the satisfaction of the performance and service vesting conditions below (and to adjust for any bonus issue of shares which may be made to the company’s shareholders), for the issue of one fully paid ordinary share in CSR for each performance right that might vest to Rob Sindel. The grant of performance rights will be at no cost to Rob Sindel and no amount will be payable by Rob Sindel on vesting of the performance rights.

The key terms of the performance rights to be granted to Rob Sindel are set out below. Details of the PRP are contained in the remuneration report and, as relevant, are summarised below.

Number of performance rights to be granted to Mr Sindel

It is proposed that 345,485 performance rights be issued to Rob Sindel. This quantum has been determined in conjunction with an analysis of Rob Sindel’s total target remuneration referenced against external market benchmarks. Specifically, in accordance with his employment contract a grant to the maximum value of 120% of total fixed remuneration is proposed for Mr Sindel’s YEM15 PRP grant. The share price used to calculate the number of performance rights allocated to Rob Sindel was the 10 day Volume Weighted Average Price of CSR shares leading up to 22 May 2014, which was \$3.382.

Performance conditions and vesting periods

Following testing of the performance conditions at the end of the performance periods (described below) and, to the extent to which the service and performance conditions are satisfied the performance rights will vest and CSR will issue or procure the transfer to Rob Sindel of one CSR share for each performance right that vests, for no further consideration.

The PRP rules give the board the discretion to determine the performance conditions attaching to a grant of performance rights. The board has determined that the following performance hurdles will apply to the grant of performance rights to Rob Sindel:

1. Total Shareholder Return

50% of Rob Sindel’s Performance Rights (‘Tranche A’) will be subject to a performance condition based on the relative performance of CSR’s Total Shareholder Return (‘TSR’) over the performance period.

TSR is the percentage growth in shareholder value, which measures the changes in share price, taking into account dividends and capital returns. The TSR performance condition measures CSR’s ability to deliver superior shareholder returns relative to its peer companies by ranking the TSR performance of CSR against the TSR performance of companies in a comparator group.

The proportion of the Tranche A performance rights that vest will be determined based on the ranking of CSR’s TSR, relative to the TSR of each of the companies in a comparator group over the performance period, as set out in the vesting schedule opposite.

The comparator group comprises the constituents of the S&P/ASX 200 Index, defined at the start of the performance period (‘Peer Group’). The board has the discretion to adjust the Peer Group to take into account events including, but not limited to, takeovers, mergers, de-mergers and similar transactions that might occur over the performance period.

The TSR vesting schedule is as follows:

TSR OF CSR RELATIVE TO THE PEER GROUP	PROPORTION OF TRANCHE A VESTING
Below the 50th percentile	0%
At the 50th percentile	50%
Between the 50th percentile and the 75th percentile	Straight-line vesting between 50% and 100% (e.g. each percentile improvement will result in an additional 2% vesting)
75th percentile or greater	100%

2. Earnings per share

The other 50% of Rob Sindel’s performance rights (‘Tranche B’) will be subject to an Earnings Per Share (‘EPS’) hurdle, which measures CSR’s annual compound EPS growth over the performance period. EPS is defined as net profit after tax per share pre significant items. Following detailed analysis of EPS performance hurdles, and noting that CSR is exposed to two cyclical industries (being construction and commodities), the board has adopted a ‘through the cycle’ approach to the EPS performance hurdle and has set this based upon competitive returns for shareholders through the cycle. The EPS targets have not changed for any of the grants since they were introduced in 2012.

The proportion of the Tranche B performance rights that vest will be determined in accordance with the vesting schedule below. The board may adjust EPS to exclude the effects of material business acquisitions or divestments and for certain one-off costs. The EPS hurdle assesses the success of the business in generating continued growth in earnings.

The EPS vesting schedule is as follows:

EPS TARGET RANGE (COMPOUND GROWTH PER ANNUM)	PROPORTION OF TRANCHE B TO VEST
Below 7% compound EPS target	0%
Equal to 7% compound EPS	50%
Between 7% and 12% compound EPS	Between 50% and 100% increasing on a straight-line basis
Greater than 12% compound EPS	100%

3. Performance periods

Given the cyclical nature of the building and construction industry and commodity business in relation to Aluminium, CSR re-tests its long term incentive plan. Performance of each Tranche of performance rights against the applicable performance hurdle will initially be measured over the following three year performance periods:

- The initial performance period for Tranche A (i.e. the 50% of the PRP grant that is subject to the relative TSR hurdle) will commence on 23 July 2014 and finish on or around 22 July 2017; and
- The initial performance period for Tranche B (i.e. the 50% of the PRP grant that is subject to the compound EPS hurdle) will extend for the three CSR financial years from 1 April 2014 until the year ending 31 March 2017.

To the extent any performance rights under either Tranche A or Tranche B remain unvested at the end of the initial three-year performance period the performance period will be extended to a fourth year (i.e. performance will be subject to a final test at the end of the four year period to determine if any additional vesting is available for the remaining unvested performance rights). The final testing at the end of the four year period will be based on performance over the entire applicable four year period (in the case of the retest of Tranche B, the EPS targets will be compounded for four years rather than three years). CSR's TSR hurdles are measured over this period to ensure that the long-term measurement of performance under the PRP is not distorted, for example by business and commodity cycles or capital investment decisions. Accordingly:

- The extended testing period for Tranche A will commence on 23 July 2014 and finish on or around 22 July 2018; and
- The extended testing period for Tranche B will extend for the four CSR financial years from 1 April 2014 until the year ending 31 March 2018.

If the performance conditions for performance rights under either of Tranche A or Tranche B are not met by the fourth anniversary of the date of the grant of performance rights, Rob Sindel will forfeit his interest in any unvested performance rights.

Rights attaching to performance rights

Performance rights carry no voting or dividend entitlements.

The PRP rules contain provisions in relation to the adjustment of performance rights in certain circumstances, including in the event of any other capital reorganisation (such as a subdivision or consolidation), a capital return or a bonus issue of shares to members.

Change of control

The board has discretion to allow all or a part of unvested performance rights to vest on a change of control of CSR (e.g. a takeover, merger, compromise or arrangement). In exercising this discretion, the board would generally not accelerate vesting. This is consistent with past discretion applied by the board in similar events. The board would also generally apply pro rata assessments for plans left on foot.

Treatment of performance rights on cessation of employment

If Rob Sindel ceases to be employed prior to the performance conditions being met, generally this will result in Rob Sindel forfeiting his interest in the unvested performance rights under the PRP.

However, if Rob Sindel ceases employment as a result of retirement, redundancy, total or permanent disablement, death or such other circumstances as determined by the board at its discretion, the board may determine that all, or a portion, of the unvested performance rights may stay on foot and remain eligible for vesting in the usual course subject to the satisfaction of the applicable performance hurdles.

Shares allocated on vesting of performance rights

Shares allocated to Rob Sindel upon vesting of the performance rights will rank equally with other ordinary shares on issue.

Prohibition of hedging arrangements

Consistent with the requirements under the Corporations Act 2001 CSR prohibits participants in the PRP from entering into any arrangement to hedge or otherwise affect their economic exposure to their performance rights. It is the board's policy to require participants to forfeit their interest in the performance rights if they enter into any hedging transaction.

Disclosure for the purposes of Listing Rule 10.15:

The following information sets out the additional disclosures required for the purposes of ASX Listing Rule 10.15:

- a) the maximum number of performance rights that can be awarded to Rob Sindel under this approval is 345,485;
- b) the price payable on the issue or vesting of each performance right is nil;
- c) since approval for performance rights under the PRP was last obtained (at the 2013 annual general meeting), Rob Sindel (being the only director to participate in the PRP) received 682,213 performance rights on 23 July 2013 following a resolution of shareholders to grant them. The acquisition price for this grant was nil;
- d) the only director entitled to participate in the PRP is Alan Robert Harold Sindel;
- e) there is no loan proposed in relation to the proposed award of performance rights to Rob Sindel; and
- f) the performance rights that are the subject of this approval will be granted to Rob Sindel on or around 23 July 2014 (and, in any event, prior to 10 July 2015).

For the voting exclusions applicable to this resolution 4, please refer to page 3 of this notice of meeting.

Recommendation

The directors (excluding Rob Sindel) unanimously recommend that shareholders vote in favour of resolution 4.
