

CSR Website Launch

Social Media Kit

CSR Customers

CSR

Our New Website

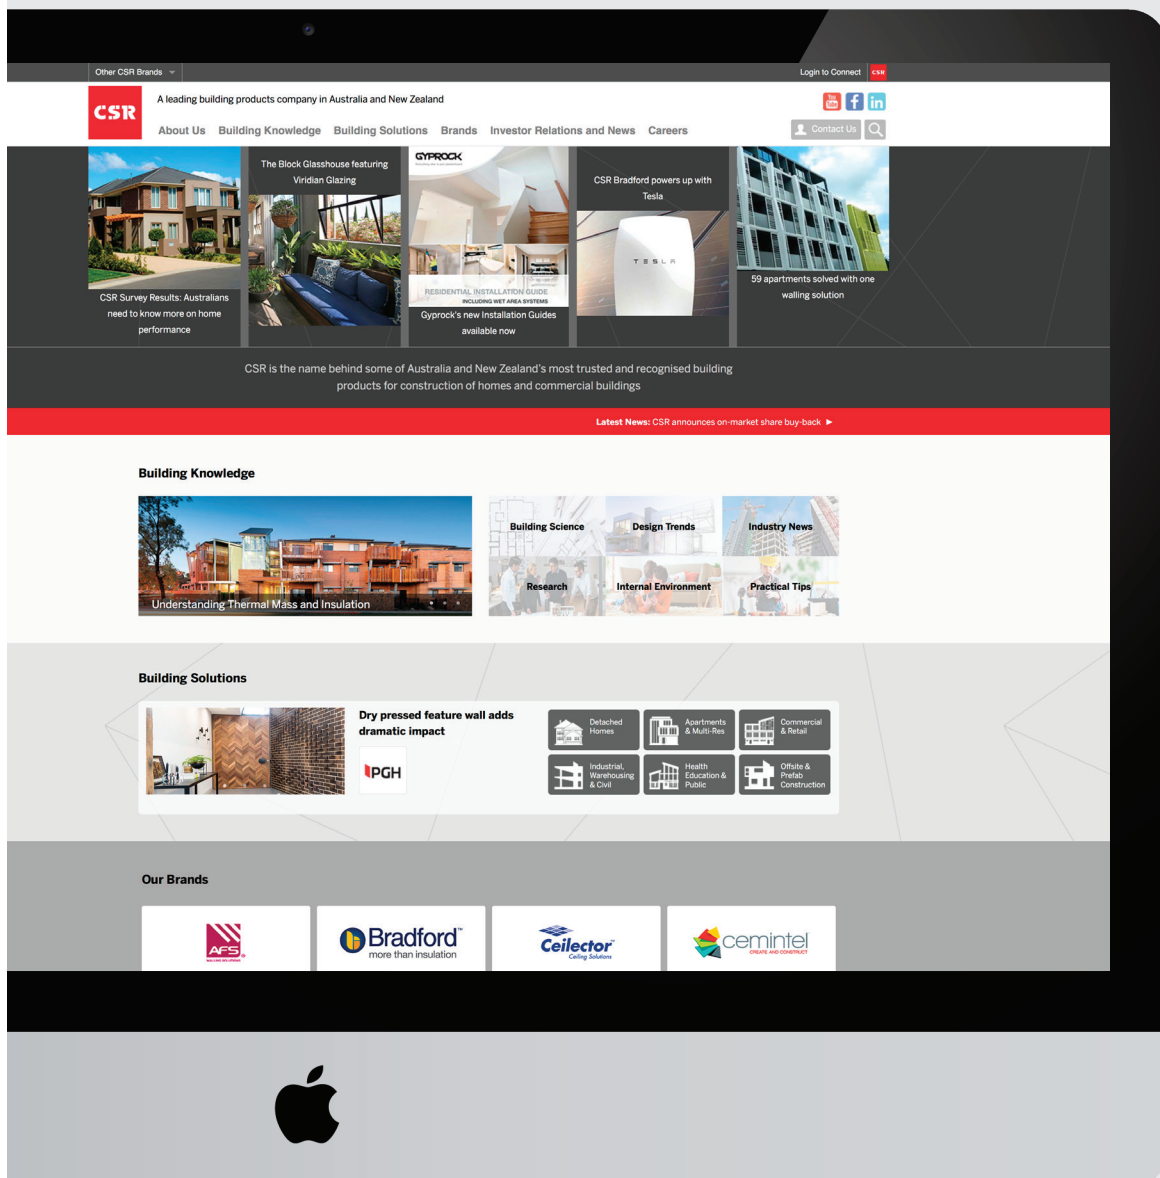

We've launched a brand new website and we're proud to present the new online face of our business.

As part of our launch activities, we're encouraging our valued partners to use their own social media channels to encourage people to visit our new site and explore our expert resources.

CSR is a respected name in the Australian building and construction industries and we're celebrating our partners, products and projects through expert articles and real life case studies on our new site.

This 'kit' contains social media content that you can publish on Facebook, Twitter or LinkedIn so that you can easily share our resources with your own audiences.

We're excited to launch this new chapter in our business and we hope you can help us share it with everyone.

CSR

Facebook

Here we've provided some content that you might like to share with your audiences on Facebook. Simply copy and paste the text and the link on your page and you're away!

Our partner CSR Limited has launched their new website, containing expert insights and case studies from brands that builders and generations of Australian homeowners have come to know and trust. Visit the new site here!

<http://bit.ly/1V5Nv40>

We're loving the Building Knowledge section of the new CSR Limited site. Full of insights from CSR's respected technical experts in a wide range of articles. Have a read!

<http://bit.ly/1owWVr9>

Check out our valued partner CSR Limited's brand new website. Here you can find plenty of resources, including their sustainability reports, detailing what they and their building partners are doing to advance the future of sustainable construction in Australia.

<http://bit.ly/1V5Nv40>

Check out CSR Limited's new website and find real life case studies of innovative, sustainable construction. A whole range of CSR products and partners like us are on display in articles that inspire builders and homeowners alike.
