# One-off ‘unsustainable volume drive
Sugar Australia has significantly improved margins through its core business
  – Food & Beverage – strong commitment to quality product & service
  – Retail – product innovation and customer focus

Delivering our ‘Customer Proposition’ is becoming a way of life

Business performance is largely independent of sugar price volatility
#1 A-NZ POSITIONS WITH DIVERSIFIED INCOME STREAMS

- **Refining**
  - **Food & Beverage**
    - 575 k tonnes
    - Bulk Crystal
    - Bulk Liquids
    - Packaged
  - **Retail**
    - 95 k tonnes
    - Consumer Packs
  - **Foodservice**
    - 15 k tonnes
    - Consumer Packs
    - Packaged
  - **Containerised Exports**
    - 90 k tonnes
    - Packaged
  - **Bulk Exports BiBo**
    - 150 k tonnes
    - Bulk Crystal

#1 #1 #1 #1 #1
REFINING
A Sustainable, Supply Footprint
YARRAVILLE UPGRADE IS A STRATEGIC INVESTMENT

- Replacement of the back-end of the refining process
- Exits all operations from the non-upgradeable drier house
- Increases sugar storage from 2/3rds day to 3 days
- Removes high business and operational risks around electrical and dust safety as well as catastrophic equipment failures

Yarraville’s wharf access and close proximity to major customers, motorways and rail make for an ideal refinery site
YARRAVILLE UPGRADE CONSOLIDATES CSR’S COMPETITIVE ADVANTAGE

- Strengthen ‘Customer Proposition’ in Southern markets
  - Cements Yarraville as the only refinery south of Northern NSW
  - Better reliability
  - More consistent Quality
  - Improved storage supports Refinery efficiency and contingency planning

- Compliance to current & future food manufacturing standards

- Sustainable 3 refinery footprint across Australia and New Zealand

- Late 2009 commissioning
CONTINUING THE SHIFT TOWARDS SUSTAINABLE BUSINESS

BEING DELIVERED

- Boiler Replacement @ Yarraville
  - Efficient Steam production
  - 3500 tpa of CO2 reduction

- Trade Waste in Glebe & Yarraville
  - Reduced water usage by 13 million litres p.a.
  - Eliminating the disposal of 16 million litres to Trade Waste
  - Re-cycling of 3,000 tonnes of solids for composting

- National Packaging Covenant
  (since ’05)
  - Packaging reduced from 5.2kg per tonne of product to 4.7kg = 10% reduction
  - Recyclability of all our packaging increased from 65% to 72%
  - Approx 400 tonnes of packaging reduced overall

UNDER REVIEW

- Carbon Water Treatment @ Yarraville
  - Significantly reduce water requirements

- MV Pioneer Ship Improvements
  - Minimise fuel consumption

- Further Yarraville Boiler Efficiencies
REFINING
A Business with New Growth Platforms
CSR’S ‘BETTER FOR YOU’ INNOVATION TO BUILD CATEGORY VALUE

- Further innovative sugar products launched in supermarkets March 2009

- ‘All natural’ products developed from extensive consumer research
